

# Angel Investing

Need money to start your business or  
to launch a new product idea?  
Do you think Angel Investing might be  
a good solution for you but need more  
information about how it works?

*Join us to learn more.*

**The ISBDC at ECC and CBEiD invite you to attend an Angel Investing workshop.**

Our speakers will be Jeff Carter, a founding member of Hyde Park Angels (HPA), and Bryan Jurewicz of Gradebeam ([www.gradebeam.com](http://www.gradebeam.com)). Bryan was a recipient of angel financing through Hyde Park Angels.

HPA is an organization that provides a forum for entrepreneurial-minded members to invest in seed and early stage businesses, primarily located in the Midwest. HPA was started in 2007 by some classmates from the University of Chicago's Booth School of Business Executive MBA program. Their process facilitates entrepreneurial success and return on investments by providing entrepreneurs with managerial and operational expertise. HPA also provides domain expertise, strategic advice and coaching to its companies.

Jeff Carter will discuss angel investing, what it is, and how HPA's process works. Bryan Jurewicz will share his experience with HPA. This will be a highly interactive discussion, so come prepared with questions.
